DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, regarding Claim 1, a monolithic male connector body with a plurality of integral spring fingers biased, via an inward projection of the spring fingers, for an interference fit upon the outer diameter surface; regarding Claim 12, a plurality of spring fingers formed in a leading edge of a monolithic male connector body of the male connector; the plurality of spring fingers biased, via an inward projection of the spring fingers, to engage an outer diameter surface of the female connector and in combination with the rest of the limitations of the base claims.

Applicant's arguments, see Pages 1-3, filed December 14, 2007, have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
